

Emerging MOAT Fund

Value-Growth oriented PMS

Objective

We intend to achieve capital appreciation by following a blend of value and growth investing. Our investment approach is to identify superior compounding growth stories which have the potential to deliver in the long-run. We are always on the lookout for high-quality, resilient, relatively smaller players in their respective industry (like market leader, near market leader) who have the ability to grow even bigger in the coming future. We believe in safeguarding our client's capital. If we are stumped on an investment plan, we rather prefer sitting on cash rather than risking a permanent loss of capital.
